the Spirit of Sound

926 vs Electra 927 Be

Electra Be line

	Electra 926	Electra 927 Be	Improvements
Type	3-way bass-reflex floor standing loudspeaker	3-way bass-reflex floor standing loudspeaker	
Frequency response (+/-3dB)	38Hz - 23kHz	**40Hz - 37kHz**	Extended bandwidth
Efficiency (2,83V/1m)	91dB	90dB	
Nominale impedance/ minimum	8ohms/3,6ohms	**8ohms/3,8ohms**	Improved coupling with amplifiers
Crossover frequency	2500Hz	**2800Hz**	Distortion reduction
Maximum power	200W	200W	
Tweeter	1" (2,5cm) TRC Tioxid 5	**1" (2,5cm) TCE Be**	Beryllium tweeter
	Titanum inverted dome	**Pure Beryllium inverted dome**	Like Utopia Be line
	Ferrite magnet	Ferrite magnet	
	Resonant frequency : 1300Hz	**Resonant frequency : 850Hz**	Improved linearity
	Phase plug : yes	**Phase plug : no**	No accoustical equalization needed
	Independant foam surround	**Independant Poron surround**	Improved damping
	ABS plate	**Solid brushed aluminium facia**	"Utopia like" appearance
	/	**Removable metallic gride**	New protection
Mid-range	6" (165 mm) mid-bass W cone (6W4353)	**6" (165 mm) mid-bass W cone (6W4357)**	New W sandwich
	Voice-coil 32mm	Voice-coil 32mm	
	2 x fiber glass layers 50g/m²	**1 x fiber glass layer 100g/m²**	Advancement of the W, improved stiffness
	6" circular basket	6" circular basket	
	Focus plug	Focus plug	
Woofer	2x7" (165 mm) woofer W cone (7W4351)	**2x6" (165 mm) woofer W cone (6W4457)**	Compact woofers
	1-1/4" oice-coil (32mm)	**1-3/4" voice-coil (40 mm)**	More dynamic bass
	7" square basket	**6" circular basket**	New long excursion basket
Finishing	• Signature: grey body, cherry wood side panels • Classic: black satin-finish body, gold cherry wood side panels • Technic: grey body, black cherry wood side panels	• **Signature: Burgundy Burr Ash and black lacquer** • **Classic: Light Gold Burr Ash and black lacquer**	• Utopia Be finishing
Connectors/Crossover	OPC crossover	OPC crossover	
	Bi-wiring	**Mono-wiring**	Similar to the Utopia Be line
	Speaker terminals ABS clips	**High Torque Focal-JMlab binding post terminals**	Ergonomic binding post terminals, high torque, high quality contacts for banana plugs/spade connectors/ cable
Building	Frame fabric mask	**Curved grille**	Improved aesthetic
	Gamma structure	Gamma structure	
	Focus Time structure	Focus Time Structure	
		Upper glass plate, sand-finish logotype	Improved aesthetic
		Limited edition number (featuring a certificate)	Limited edition
Size (HxWxD)	42-2/3"x9-7/8"x16-2/5" (1083x250x417mm)	**41-2/3"x9-1/8"x15" (1058x232x382mm)**	New contruction, better integration
Net weight	79.4lbs (36kg)	**62.8lbs (28.5kg)**	More compact cabinet
